## Who Is myComputerGuy?

Craig Vogel,  
President/Chief Technologist  
myComputerGuy, Inc.

**Craig Vogel** began his technology career in 1988 when he joined a mechanical engineering firm. He spent five years there, managing infrastructure and technical operations and building one of the first Computer

Aided Design and Drafting networks in New York City. In 1993, he became a Vice President of Technology for the Bankers Trust Company. In April 1999, Craig joined Measurisk as Managing Director of Infrastructure and Technical Operations where he designed and built a \$3 million world-class computing infrastructure. Craig is a Microsoft Certified Professional and a Certified Netware Engineer.

As President and Chief Technologist of myComputerGuy, inc., Craig and his team can help you use today's technology to save time and money everyday in your home or business.

## How Can We Help You?

**Broadband** Whether you're a small business or a home user, getting a hi-speed internet connection can be a confusing process. myComputerGuy specializes in setting up Cable and DSL Internet access.

**Networking** Wired? Wireless? PowerLine? PhoneLine? We can design and install all types of networks to help you maximize your technology investment.

**New Purchases** We can recommend, purchase and install your first, second or even third computer, printer, scanner, laptop or any other type of digital technology.

**Upgrades** Outdated software causing you problems? Insufficient memory slowing you down? We can upgrade you to what you need easily and quickly.

**Training** Do you need to learn how to navigate around your computer better? How and when to use software programs like Excel, Word or email. Want to learn how to search the internet more effectively? Choose WHAT YOU want to learn, WHEN YOU want to learn it.

## What Do Our Clients Say About Us?

"I'm emailing this from my kitchen table while my kids are playing on AOL in the next room. myComputerGuy setup our wireless network and it has been great. They made it easy and painless and we love it." **John Armstrong & Family, Irvington Residents**

"myComputerGuy's patience and system of breaking computer skills down to very basic information were just the right approach. I'm no longer intimidated by my laptop. Thank you, mCG, for my introduction to the 21st century." **Ronda Billig, President, Irvington Education Foundation**

"myComputerGuy is the only computer guy for me." **Susan Kasarsky, Event Planner**

"myComputerGuy has been a life saver. Equipment purchase decisions, set up, networking — all would have been groveling in the dark without mCG. A little training from him has done wonders for me. I would recommend him to anyone at any level." **David Zwiebel, Developer**

"Reliable and dependable"  
**Steve & Carol Gutman, Irvington Residents**

"I have been working with computers for over 20 years and myComputerGuy has an encyclopedic knowledge of Windows and home networking that is second to none. The post-installation service was terrific. Giving friendly, coherent answers over the phone on the weekend is what I would call above and beyond the call of duty." **Keith Weintraub, Programmer**
